10 September 2018

Dear Parents of P1 students,

We hope this letter finds you well and that you and your child have had a good September holidays. We are now about to embark on Term 4 and the P1 teachers are looking forward to partnering you in nurturing students who play hard and study smart. Research has shown that children who play are inadvertently able to study better as play develops them physically, emotionally and most importantly, cognitively. In JPS, teachers are adept in injecting the joy of learning in our lessons through hands-on activities and real-world problem solving. This same joy of learning can also be achieved at home through the following:

- imaginative play
- building with blocks or cardboard
- chasing, hiding and jumping
- dramatic play

This term, as we help our children get ready for the various assessments and tasks, remember to also give them time to play as helping children play more will equip them to be relevant to the workplace and to society.
